

Help Us Build A Community Center One Brick at a Time!

A Shared Initiative, Inc. (ASII) is a nonprofit community development corporation, formed in early 2005 to expand anti-poverty programs initially designed by ASI Federal Credit Union. Today, ASII is working to further community development in the Upper Ninth Ward through the construction of affordable housing and development of the St. Claude Community Center. ASII is committed to rebuilding New Orleans one community-*one brick*- at a time. Become a part of the rebuilding experience by purchasing a brick to be installed in our community center, located at 3401 St. Claude New Orleans, LA 70117. *Upon purchase, you will receive a certificate of acknowledgement, which makes for a perfect gift, this holiday season!*
